Covid-19 Essential Authorization Letter

As per the Presidential directive (PPD-21) on Critical Infrastructure Security and Resilience Advances a national unity of effort to strengthen and maintain secure, functioning and resilient critical infrastructure. We are posting this letter:

Gulf Coast Landscape Supply holds licenses and registrations from the Department of Agriculture and Industries of The State of Alabama. We are considered an essential business and will continue operations with curb service and deliveries for everyone's safety.

We serve the City of Foley, City of Orange Beach, and City of Gulf Shores with landscape needs. We supply local contractors and local landscapers. We serve the homeowners with garden soil, topsoil, sand, and aggregates.

We appreciate the support for allowing our essential people to travel during the Presidential order as we continue to provide our essential services during these stressful times.

John McCormick

Gulf Coast Landscape Supply Manager
